

## ROCK IN MY SHOE (V.Beaulne)

Early one morning, a long time ago  
On the side of the road, I got down on my knee  
I cried for forgiveness, I cried for mercy  
For peace in my flesh and blood

Is it true what they say  
That the tears go away  
That the pain and the fear, do disappear  
Is it true what they say, is it true what they say  
Cause there's a rock in my shoe  
That won't go away

I sing for the hungry, I sing for the lonely  
Faith in the world  
Good and bad  
I sing for the hopeless  
For you and me  
I sing for the one behind the door

Hold me, save me  
There's a rock in my shoe don't you see  
Hold me, save me  
There's a rock in my shoe don't you see

I sing for the last chance, the nowhere to go  
Faith in the world, good and bad  
At the end of the day  
When the sun breaks down  
I will sing this song for you

Hold me, save me  
There's a rock in my shoe don't you see  
Hold me, save me Cause there's a rock in my shoe  
That won't go away
